Since this room has enough space for 3 people, another person will eventually come here to replace Sung-moon.
When that person comes, ask him to undo that binding for you.

I'm going to...
get the hell out of here!

Hey, you.

Have you ever...

wanted to do something just because you felt like it?

Because I feel that way right now.

For no reason I...

really want to kill you.

Seeing you all tied up makes my bloodlust reach its peak.
That's the only reason.
Do it.
Make me feel pain like I've never felt before...
and when you're done, finally end my life.
You...
really want that kind of death, don't you?

Yeah!!
No way.
